**CRITERION I – CURRICULAR ASPECTS****1.1 – Curriculum Planning and Implementation**

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500

The Teachers' Council of the college performs the activities of the Academic Sub-committee and plays a very vibrant role in the effective implementation of the curriculum. The institution follows the curriculum designed by the affiliating university, Vidyasagar University. The institution follows the academic calendar prepared by the university with a few changes as and when required. Prior to the beginning of a new session, the Routine Subcommittee, with the participation of the Heads of Departments, prepares a master-routine for all departments/programmes/courses. The routine is immediately approved in the Teachers' Council meeting for being effectively carried out in the coming year. The general framework of academic activities in the new session is also charted out by the Teachers' Council. The Heads of Departments in consultation with other teachers of the respective departments finalize the assignments of different teachers, lecture hours, topics to be taught, Internal Assessment schedule and other activities. Each department prepares a unitized/modular teaching plan and follows the same throughout the year. Teachers recommend relevant books and learning resources in addition to class lectures for the successful materialisation of the teaching plan. Answers to the model questions are discussed by the teachers for the benefit of students. The Heads of Department monitor the progress regularly and the same is reported in the meetings of the Teachers' Council for necessary strategic advice and help. Before the commencement of the University scheduled Internal Assessments in Honours and General papers, the Teachers' Council reviews the completion of the portion of the syllabus and takes necessary steps. The Headship is rotationally assigned to the teachers of a department for dynamic and fruitful implementation of the curriculum. After the publication of University results, meetings are called by the Teachers' Council to discuss the performance of students in each department and necessary guidelines are framed for ensuring the betterment of students' progress in the ensuing academic session. The Teachers' Council gives valuable suggestions to the Principal and the Governing Body of the college for effective implementation of the curriculum.

## 1.4 – Feedback System

### 1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	No
Alumni	No
Parents	Yes

### 1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained
<p>Feedback, being an eye-opener, gives proper direction to the inner and outer growth of an institution. Hence, the college authority collects feedback from students and other stakeholders for overall development of the institution. Students' Feedback on curriculum is obtained by the college in a definite format every year on online mood. Generally, the final year collegiate students give their feedback. The informal grievances, suggestions and requests on curriculum and teaching methods made by them throughout the year are also incorporated by the departments while framing Teaching Plans. This has a significant role in forcing the institution to go for innovative teaching methods along with conventional 'chalk and talk' method. Parents' Feedback on curriculum is also sought for by the college in a definite format every year.</p>

The Parent-Teacher/College Administration Meeting is held. Their suggestions come of a great help in formulating the general academic framework of the college. This also helps a lot to the various organs of the college like the NSS units, the Career and Counselling Cell, the Women Study Centre, etc. Opinions for overall development of the institution are also sought from the faculty members, non-teaching staff, representatives of the students' union, etc. in the meetings of different bodies like Teachers' Council, IQAC, Staff Council, etc. The Career and Counselling Cell of the college organises lecture programmes, career fair and campus interview for placement of students with job-oriented peer groups and different companies who give feedback on the curriculum and the overall development of the institution. Different community programmes/activities are undertaken by the institution mainly through the NSS units. The students and teachers get the scope for interacting directly with different members in the community where they get feedback on the curriculum and the overall development of the institution. The formal and informal suggestions and views thus gathered are discussed analytically in the Teachers' Council or IQAC or Staff Council meetings for taking appropriate measures. The important recommendations/suggestions are utilised by the Governing Body, the highest policy-making body of the college, which ultimately takes final decision taking all other related matters into careful consideration. The resolutions based on feedbacks are also communicated to the affiliating university or other competent authorities as and when required.

One of the class rooms was constructed on the first floor of the Administrative building by utilising a vacant space and another room was constructed on the second

floor above the Central Library. The age old decaying floors of the Administrative Building, eight classrooms, the Computer Laboratories, Girls' Common Room, Canteen and the Students' Union Room were duly renovated by laying vitrified tiles on the floors, as suggested by the P.W.D.Engineers under their supervision. Work of construction of the proposed new classroom Block was initiated under the proposal of new construction. The work of renovation and modernisation of the old Computer Laboratory was undertaken in partial utilisation of the first phase of disbursement of the RUSA-2.0 Grants. 282 nos. of books on different subjects were procured by the Central Library by incurring an expenditure of Rs.90,696 from the General Fund of the College.

## 7.2 – Best Practices

#### 7.2.1 – Describe at least two institutional best practices

<p>Describe at least two institutional best practices Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link 1. Title of the Practice: PRESERVING OUR ENVIRONMENT THROUGH ENERGY SAVING MEASURES. 2.Goal: As an effective effort</p>
---

to protect the environment from further degradation and thus preserve it for the future generation the College has adopted and implemented certain measures to minimise the consumption of scarce energy resources. Through these measures the College strives to achieve the following aims. (i) To cut down the consumption of energy while performing its functions since energy saved is energy generated. (ii) Through these measures the College aims to in still in the minds of the younger generation the importance of energy conservation in the course of environmental protection. (iii) To set an exemplary practice worth emulating in the greater interest of the human civilization. (iv) To cut down expenditure in the area of energy consumption thereby enabling the College to invest in other relevant and significant academic activities. 3. The Context: The 21st century global community is facing an imminent threat to the survival of the human population and ecosystem due to the large scale degradation of the environment by the application of science and technology. One of the major factors that contribute immensely to the environmental degradation is the emission of "Green House gases" in the process of energy generation for human consumption. Understanding this critical situation the IQAC with the active cooperation of the Governing body devised this unique measure to contribute our ideas and effort towards environmental protection and preservation. 4. The Practice: i. Energy conservation a) The College has ensured the electrical wiring of the College campus based on the prescribed code to prevent 'transmission loss' of energy due to inferior quality of electrical wires and appliances. b) Non-use of the incandescent lamp within the campus. 90 of the Lamps are either energy saving fluorescent (T5, T8), compact fluorescent lamps (CFL) or LED. Incandescent bulbs are almost done away within the campus. 5. Evidence of Success: The energy consumption is relatively lower than the other institutions of similar nature. This unique practice has created a considerable impact in the psyche of the students regarding the importance of planning and implementing effective measures towards cutting down energy consumption and thus protects our environment. 6. Problem: Problems Encountered and Resources Required. i) Initially there were few hiccups in the form of procuring necessary appliances for cutting down energy consumption, but that was taken care of by the management by seeking requisite appliances in the metros. B : 1. Title of the Practice - ADMINISTRATIVE EMPOWERMENT 2. Goal - The college aims to improve the overall administrative efficiency by introducing administrative empowerment programs for the ministerial staff. 3. The Context - The number of students in the college as increased over time but the number of administrative staff did not increase proportionately. For the effective functioning of the college, it was necessary to empower the administrative staff to handle the extra workload effectively. 4. The Practice - The college has taken a number of steps for administrative empowerment. Train the administrative staff to effectively use software. Install advanced software solutions for administrative automation. Create verbal and non-verbal training schedule for the administrative staff Introduce administrative benefit such as arranging food if they work for extra hours at the workplace 5. Evidence of Success - Today, with limited administrative resources, we are able to handle the additional workload for the increased number of students effectively. 6. Resources Required - Some financial resources required for extra time refreshment and for gifts of reward. 7. Problems encountered - Initially, covert resistance from the concerned side was experienced, but that has already been got over.

### 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and

thrust in not more than 500 words

Since its inception, Kaibalya Dayini college has continued to maintain a distinct and remarkable identity for itself over a period of time. For over four decades it had been enjoying the status of a single faculty college exclusively offering commerce education and incidentally the second exclusive commerce College in the state. Located in the District Headquarters of the historic undivided Midnapore District, Arts stream was introduced to the course curricula and afterwards Science stream was also introduced by offering Honours course in Geography a couple of years back. Having its location at the District Head quarters provides a vantage advantage to the students as well as its staff in terms of commuting. Its proximity to the campus of the affiliating University, railway station, Bus stand makes it much sought after by the students from different parts of the district and three adjoining districts. This is why, without having any students' hostel-either for boys or girls, the college attracts students from distant places. Apart from its location, the college is renowned to offer the best of the courses, incidentally, this is the only college under the Vidyasagar University offering Honours Courses in two different subjects in the Commerce stream.. The Library of the college significantly adds to the pride of the college. It has two different sections, Reference and Lending sections placed at Ground and First floor respectively. It has a big reading hall for students and a separate reading section for the staff. Four NSS units of college remain active throughout and provide a platform for students from various backgrounds to contribute to society at different levels. Over a period of time, N.S.S units have contributed in earning significant recognition to college in Vidyasagar University.
